The strategy aims to achieve long-term capital growth exceeding the return of the market with a moderate risk profile as measured by standard deviation. The portfolio consists of 25-30 high conviction global large cap stock picks that ensure a sufficiently high-risk diversification. There are no geographic or sector restrictions in the strategy. This fact sheet has been prepared by C WorldWide Asset Management Fondsmæglerselskab A/S and is for information purposes only.

All figures are based on past performance. Past performance is not a reliable indicator of future performance. The benchmark results presented are a combination of two indices. MSCI World Index net of dividends is used prior to 31 December 2009, whilst MSCI AC World net of dividends is used subsequently. The gross figures are gross of management fees, custodian fees and performance fees, if any, but after transaction costs. C WorldWide Asset Management claims compliance with the Global Investment Performance Standards (GIPS®). Performance results presented prior to 1 January 1997 are not in compliance with the GIPS standards as these results are from before C WorldWide Asset Management adopted the GIPS standards. Before 1 January 1997 C WorldWide Asset Management did not include all portfolios in composites on a firmwide basis. GIPS® is a registered trademark of CFA Institute.
